

Your new Anthem Blue Cross Debit Mastercard[®] is here

Your new account is ready to help you pay for medical costs beyond what your health plan covers. The following information can help make it easier to manage your account.

Register or log in to [anthem.com/ca](https://www.anthem.com/ca).

Check your balances and manage your account online. You can also see your benefits, find a doctor in your plan's network, estimate your costs, and view and share your member ID card.

Learn how your account works.

When you log in to [anthem.com/ca](https://www.anthem.com/ca), visit **How it All Works** by selecting **Spending Accounts** under *My Plans*. Then, choose **Manage My Account**. You can learn about the benefits your plan offers and the tools that will help you manage your expenses.

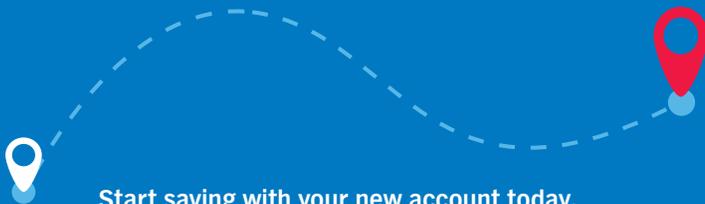

Set up your contributions.

Add funds to your account by setting up a direct deposit. You'll be able to manage your contributions throughout the year.

Check your card's expiration date.

The expiration date on your card may be different from the end date for your plan. This gives you the ability to use the same card during the next plan year and beyond, if needed.

Start saving with your new account today.

If you have account questions, contact us through our Message Center at [anthem.com/ca](https://www.anthem.com/ca) or call the Member Services number on your member ID card. For questions about your PIN, call the number on your debit card.
